The Lions "feed me" Campaign supports Life Community Services in George

IPIP Sid Scruggs Signs a Gold Plate

## From My Desk

To all my fellow Lions -

I would like to take this opportunity to thank all the clubs who have already shown support of the Feed Me Campaign.

The response has been overwhelmingly positive from all across the world, which leads me to believe that this campaign can truly change the face of hunger worldwide if we stand together as Lions with the belief that we CAN do it together!

Please remember that this project is designed for you and your club - once you have your plates, you generate the profits for your own feeding projects and under your own club banner - the more clubs who support this endeavour to make a change, the stronger the campaign will get and the more people we will feed!

Close to R50 000 has already been donated purely from corporate support - so let's get out there and feed the hungry!

## MD 410 Council Support

We're very proud and grateful for the wonderful support received from our IP Council Chairman Rashmi Koverjee as well as IP District Governors, Wolsley Jacobson, Nick Mare, Debbie Berry and Brian von der Decken. Council Chairman Rob McClarty has also signed a Gold Plate giving his support of the campaign in the MD. Of course - with thanks to Lions and good friends over in the USA, we also recently received the same support from IPIP Sid Scruggs who signed a plate as well .... So, who's next? :-)

Lions Club of Potchefstroom  
Well done on your plate sales!  
Please send us your pics for our **FACEBOOK**

"Lions Feed Me Campaign"

## The Stop Hunger Now Option

**STOP HUNGER NOW**  
WORKING TOGETHER TO END HUNGER IN SOUTHERN AFRICA

On July 18 SHN and its partners throughout South Africa will package a record 300,000 meals to fight hunger and celebrate Nelson Mandela Day. "The commitment of South Africans to Nelson Mandela reflects our desire

for a better country for all," says Stop Hunger Now's Barry Mey. "Connecting our resourced citizens to feeding hungry children is a great way to make a direct impact on our vision: a world without hunger."

## The Gold Plate Campaign

The Celebrity support for the campaign keeps rolling in! The Gold Plate serves to market the Feed Me Campaign and gain further financial support.

Our next goal is to gain International A List Celebrity support - Can you Help? Do you have contacts overseas in Hollywood, the Whitehouse or wherever that we could approach? If so, please contact me - I would love to chat!

## Now Available

Order your shop counter Mini-Banner - or request the design from us via eMail and make your own. These are great for those shops willing to sell Feed Me Plates on your behalf. They take up little space but gets the message across!

More than 80 SA Celebs have already pledged their support!
