

17 April 2019

Dear Exhibitor and valued Stakeholder

RE: GARDEN ROUTE CAREERS EXHIBITION – 26 JULY 2019

The Garden Route Career Exhibition, is the largest annual career exhibition event attracting thousands of high school learners from the Garden Route. The Event held at the Port of Mossel Bay is the brainchild of the Transnet Port of Mossel Bay, which works with various private and public institutions to deliver an exhibition that exposes learners to various career opportunities and educational Institutions. Your organization is kindly invited to exhibit at the second Garden Route career exhibition planned for the 26th July 2019, at the Port of Mossel Bay from 9h00 – 15h00.

TNPA, as the Ports landlord of South Africa, has the role as a change agent to facilitate the integration of the port with its communities and the city, to promote awareness of the Port activities, careers and business opportunities offered by the maritime industry. This initiative is further supported by Government's National Growth Path and the recently unveiled Presidential initiative, Operation Phakisa, which includes among its objectives driving economic development, job creation and skills development. TNPA therefore provides a strategic platform to deliver on the government's mandate.

The Authority must collaborate with other government agencies and entities, educational institutions for the promotion of technical education regarding port services and facilities.

In addition, the role of the Authority as a change agent is to facilitate the integration of the port with the city and its surrounding communities. Learners in the region and the community at large will be afforded the opportunity to attend the following events: a career expo, and exposure of the various maritime career opportunities that are available within a Port environment. The learners will also be exposed to careers within your sphere of speciality.

It is against this background that TNPA, in partnership with stakeholders like yourselves, intends to revive the Career Exhibitions within the region to create an environment where the community will be exposed to the maritime industry, the workings of the port and also to showcase and promote key businesses in and around the Garden route through a combination of edutainment exhibitions.
